To Whom It May Concern,

I am pleased to provide this letter of support for Healthy Kids Programs as a provider of before and after school programming.

Our district has had the opportunity to work with Healthy Kids as a partner in providing high-quality extended day programming for our students and families. Throughout our partnership, Healthy Kids has consistently demonstrated professionalism, strong communication, and a genuine commitment to creating a safe and engaging environment for children outside of the regular school day.

One of the greatest strengths of Healthy Kids is their staff. Their team members are professional, caring, and dedicated to providing meaningful experiences for students. They go beyond basic supervision by offering structured activities that support social-emotional development, creativity, and physical activity. Healthy Kids has also done an excellent job maintaining clear and consistent communication with both school leadership and families. Parents feel informed and supported, and the Healthy Kids team works collaboratively with school staff to ensure the program operates smoothly within the school environment.

The program itself is well organized and thoughtfully structured. Students are engaged in age-appropriate activities that create a welcoming and positive environment before and after school.

Families consistently express appreciation for the quality of care their children receive.

Based on our experience, Healthy Kids Programs has proven to be a reliable and professional partner for school districts seeking a strong extended day program for their students. I would confidently recommend them to any district looking for a high-quality before and after school program provider.

Please feel free to contact me if additional information would be helpful.

Sincerely,

Sincerely,
