To Whom It May Concern,

I am pleased to write this letter of recommendation for Healthy Choice After Care, an after-school program that has consistently demonstrated exceptional commitment to the academic, social, and emotional well-being of our students. As the Principal of Island Village Elementary School, I have had the privilege of observing their partnership with our school community and the positive impact they have made on our children and families.

Healthy Choice After Care provides a structured, nurturing, and safe environment where students can engage in meaningful learning beyond the regular school day. Their team is professional, dependable, and dedicated to creating the complete development of our students. Whether through academic enrichment, homework support, character-building activities, or health-focused programming, their staff ensures that students receive high-quality care and engaging opportunities for growth.

Based on my experience, I recommend Healthy Choice After Care to any school or community seeking a trustworthy, well-rounded after-school program. Their commitment to excellence and student success is evident in every aspect of their work.

If you have any further questions, please feel free to contact me at audie.confesor@osceolaschools.net or 407.479.9234 ext. 48100

Sincerely,

Audie Confesor
Principal
Island Village Elementary School
